

BASIC LIFE SUPPORT COURSE (BLS)

**THE SCHOOL OF
DENTAL NURSING**

Information

Key

Duration: 2 hours

Price: £49.99

Study method: Online, self-paced

Access to content: 365 Days

Qualification: No formal qualification

CPD: 2 CPD hours / points

On completion of the course you will be issued with a completion certificate which meets the General Dental Council's (GDC) CPD Development Outcome C.

A 2 hour online BLS course covering BLS principles and medical emergencies for Dental professionals and others in the Health Care sector wishing to engage in continuous professional development (CPD). The programme is delivered online at your own pace and qualifies for two hours of CPD for those working in Dentistry. It is designed for health professionals but covers all scenarios and provides easy to follow guides to Basic Life Support. On successful completion you will have gained valuable skills for work and everyday life. The course covers the Basic Life Support guidelines issued by the Resuscitation Council UK.

Course Overview
